CREW OF THE
AMPHITRITE
ARRIVES
WAR MAY BE
RESULTOne Hundred and Fifty Men Reach
Here for the Monitor From
Norfolk.
Of Demonstration by Interna-
tional Fleet Against Ports
of Turkey.

Nearly one hundred and fifty men, all from the Norfolk navy yard reached here yesterday morning and went to the Pensacola yard, where they were assigned to duty on the big monitor Amphitrite. The new crew of the vessels relieved the old one, and the ninety or more men who were there were sent back to Norfolk on a special car.

The Amphitrite has been undergoing repairs at the local navy yard for several months, which have just been completed and the vessel made ready for sea. The department changed crews, assigning new men to the monitor and sending the old crew to Norfolk for other duty.

It is expected now that all repairs have been completed on the monitor she will receive orders in a few days to proceed from the local yard to some other point.

BEULAH

Special to The Journal.

Beulah, Nov. 23.—We had a nice
rain Wednesday morning which
will help the oats and other fall sown
stuff. Everything planted this fall so
far is looking well and doing fine, and
it looks as though the fall gardens
would be a success in every way.

Mr. P. C. Dawkins is moving back
to take charge of the convict camp
which has been operated by Varn
brothers for the last two years.

Mr. John T. Wilson spent a few
days last week with his brother, W.
D. Wilson who resides at Highland
Home, four miles west of Molino and
who is extensively engaged in farming
there. He has made good crops of
cotton, corn, rice, sweet potatoes,
Spanish pea nuts, hay and other
truck; all of which goes to show that
diversified farming can be successful
by carried on in Escambia county. We
need just such men on every available
acre in West Florida and then it will
surely blossom as the rose.

Mr. John H. Hirst and wife were in
Pensacola one day last week to con-
sult a physician.

at work since last spring. The boys
were glad to get home and their
friends were glad to see them.

Mrs. E. Malone, of Lane's Ferry,
made a short visit to her brother Mr.
Albert Garrett last Sunday.

Rev. Garrett preached an able and
interesting sermon last Sunday in
which he handed out some hot doc-
trine and plain truth which will keep
not only some of us, but all of us
thinking for some time. He dealt it out
with a generous hand and I don't
think he missed any of our failings or
shortcomings.

Mr. C. B. Busby and family were
down on the bay visiting relatives
and friends last Sunday.

Messrs. John Hirst, Jr., and James
Bryant have gone to Seminole to
resume work for the Southern States
Company.

Mr. Tom Busby says he is glad the
quarantine has been taken off as
transportation between Beulah and
Bay Point, via Ferry Pass, comes
high. They charged him one dollar
and fifty cents to set him over the
last time.

Constipation.
Health is absolutely impossible, if
constipation be present. Many se-
rious cases of liver and kidney com-
plaint have sprung from neglected
constipation. Such a deplorable con-
dition is unnecessary. There is a
cure for it. Herbin's will speedily
remedy matters. C. A. Lindsay, P.
M. Bronson, Fla. writes Feb. 12, 1902:
"Having used Herbin, I find it a fine
medicine for constipation."

CLOTHING IS NEEDED
FOR THE WORTHY POOR

As the cold weather approaches
numerous appeals are made to The
Salvation Army for clothing of every
description, and any article of this
nature will be thankfully received and
donors assured that it will be bestowed
only upon the worthy poor. Clothing
for women and children is especially
needed. If those able to assist will
notify Captain Norris, the officer in
charge of the local Salvation Army
post any articles donated will be glad
ly called for. 12nov

ALASKA SILVER.

Among the many good things com-
ing from the most northern posses-
sions, Alaska, the vast silver product
from that frigid region will brighten
more homes than any other mineral.

The silver discoveries in Alaska are
a marvel and a wonder, and have at-
tracted the attention of the mining
world. Alaska silver is a natural
product. It is the best silver in ex-
istence for the manufacture of table
knives, forks, spoons, cups, bowls,
trays, pitchers etc. It maintains the
lustre and brilliancy of burnished coin
silver and is harder and more durable.
It will not wear out in fact, is inde-
structible. There being no plating to
wear off, makes it superior to coin sil-
ver. The manufacturers give a cer-
tificate of 25 years with every sale—it
is solid silver all the way through.

Mr. W. H. Brazier, 500 E. Chase St.
is agent for the National Silverware
Co. and will be pleased to exhibit sam-
ples of these fine wares at your doors.
He is a confederate veteran and pass-
ed through the recent scourge of yel-
low fever with a bitter experience.

He was given up to die, and lost his
wife on September 27, who left him
a dear little boy of three years to love
and support. He seeks the opportu-
nity to exhibit these wares in the city.
Thousands already have them, millions
more will have them and it will bright-
ten your household for at least a quar-
ter of a century. A postal card will
bring him to you through sunshine or
rain.
